

AGREEMENT FOR FRIEND CARD USAGE

This agreement enables a disabled persons assistant to get free entrance to events and services that the provider arranges. The disabled person pays his/her/their own fee normally.

The Friend card is in the possession of the disabled person and it shows the provider that this person needs assistance. When using the card, only one assistant gets free entrance. The assistant cannot be another person with disabilities.

Ystävänkortti Toiminta (Friend card activity), whose background organization is Seinäjoen Seudun Kehitysvammaisten Tuki ry, provides the cards and makes sure that the cards are admitted to disabled persons only. Ystävänkortti Toiminta keeps a register of the cards that are in use and delivers a model card to the service provider to avoid any malpractices.
